Nurai Khan

Innovative and results-driven Full-Stack Developer with 2 years of experience specializing in .NET Core and modern web technologies. Proficient in building scalable backend solutions, and optimizing APIs. Eager to embrace emerging technologies and leverage them to deliver transformative, business-driven software solutions.

Work Experience

Software Developer – Binate IT Services Pvt Ltd

May 2023 - Present

Saawree: An E-commerce Platform

- Developed and maintained scalable backend services using .NET Core, MS SQL Server, and Dapper, ensuring accuracy in product inventory management for 10K+ SKUs.
- Integrated Razorpay payment gateway, reducing transaction failures and enhancing user trust.
- Designed background services for email/SMS notifications, boosting customer engagement.
- Enhanced API performance, reducing response time, in collaboration with the front-end team.
- Tech Stack: .NET Core, Web API, C#, EF Core, MS SQL, Clean Architecture
- Achievements: Built robust backend infrastructure that improved API uptime. Led seamless integration of payment services, ensuring secure transactions.

Real-bet: An Online Betting App

- Developed a bonus management system, increasing user retention.
- Conducted a POC for a chatbot to evaluate automation potential for customer interactions.
- Enhanced modular architecture for scalability and maintainability.
- Tech Stack: .NET Core, Web API, C#, MS SQL, SignalR, Modular Monolithic Architecture
- Achievements: Developed and optimized backend solutions, implemented new Web API features that boosted user engagement.

Software Developer Intern – JugaadHai

Jan 2023 - May 2023

JugaadHai: An Online Money-Saving Platform

- Debugged and resolved critical platform issues, and boosting uptime.
- Implemented user-requested features, increasing platform engagement.
- Tech Stack: .NET Core, Web API, C#, MS SQL, N-Tier Architecture
- Achievements: Demonstrated strong debugging and feature delivery skills under tight deadlines.

Education

Bachelor of Engineering – Mechanical Engineering

Thakur College of Engineering and Technology - Mumbai University
(2014 - 2018)
